FAQs:

My child did not tryout for Production. Can they still do it?

Yes! We will welcome any of our competitive students to participate in production, let us know your decision by filling out the competitive team registration form online.

What if my child is going to grow between now and March? What do I do about ordering shoes?

The shoe company coming to fit for shoes is a professional company and they will assist you in ordering the correct size for the year.

Can I pay Competition Fees early?

You can pay competition fees at any time up until their due date.

What if I selected yes/no on my extra dance registration form and I change my mind?

This is absolutely okay. The initial form is for the office to go off of for registration but it

can be updated by the office. If there are changes that you need to make to a registration please inform the office before the due date of that competition's fees.
